86 Per Cent Correct

Herald To Print Business Preview

The Cameron Herald will publish "BABSON'S BUSINESS AND FINANCIAL FORECAST FOR 1963" December 27.

A careful checking of the Babson Predictions made in the BUSINESS AND FINANCIAL FORECAST FOR 1962 upholds the remarkable average of the past years by being 86 per cent correct!

It holds the best and highest record for annual forecasts on U. S. future business.

Roger W. Babson

Massachusetts Institute of Technology. Upon graduation, he turned to financial and business activities headed by his father.

He contracted tuberculosis and he was sent West "as good as dead"! It was while he was convalescing that he worked out some of the possibilities and problems of business forecasting. His weekly releases are used by over 400 newspapers and his financial reports by 20,000 corporations and estates. His research work is carried on by a large staff of experts.

Babson founded Babson Institute for Men; and, in co-operation with the late Mrs. Babson, developed Weber College for Women -- both nationally known educational institutions.

Later, he founded a Midwest Institute of Business Administration, located in Eureka, Kansas, the center of the United States. He has been active also in the establishment of other mediums of service to the public, such as the Gravity Research Foundation, located at New Boston, N. H.

Somewhere on the Herald classified page this week is an ad selling leaves for 5 cents a bushel.

This is a most imaginative approach to doing away with leaves. And if you don't like to rake 'em, as few do, it's the easy way to get the lawn raked.

Many of us just let them lay, golden brown and moldering into a yardful of compost. We find that this self-fertilizing excuse is as good as any.

Lots of people spend hours and hours every fall raking and burning, burning and raking. And every time a leaf falls from the tree,

the fastidious caretaker runs out with his basket to catch it before it hits the ground.

Leaves are good to dive into when in big piles, adequate to stuff down the back of rambunctious kids and colorful enough to start a bonfire.

Put the best idea yet is selling them for a nickel a bushel; without smoke, flame and backache, they can just slowly disappear.

There were delightful smiles and chorales of glee in Santa's line Friday as about a thousand kids went up to the "jolly old elf," shook his hand and trotted off with some candy.

Santa meets his Milam admirers in the main floor hallway of the Courthouse now. It seemed as if thousands of people by twos tried to get in to see him.

It is remarkable what wonderment one small word from Santa can evoke in a child's eyes. But it's not all for the kids, as we adults get a little something out of it, too.

We'd all like to believe in Santa Claus because of the more basic meaning of Christmas. Because we're grown, we can't. So next best thing is see the kindling of belief and hope in our youngster's eyes.

At such times, it's through their eyes that we see.

Analysis Pending On Dirt Samples

Analysis on the flammable liquid detected at the scene of the Jack Prescott residence fire was pending this week, Sheriff Carl Black said.

Dirt samples containing the coal-oil-like substance were being analyzed in Austin by Dept. of Public Safety experts.

The Prescott residence, partially burned the night of November 20, was believed by officials to have been burned by a fire set by an unknown arsonist.

Thousands See Parade In 'Christmas City'

Yarborough In Rockdale

Senator Lauds Cuba Move

U. S. Senator Ralph Yarborough, (D - Texas) told a crowd of 350 Central Texans that the President's action in the Cuban crisis will go down as one of the greatest victories in the cold war.

He said the blunder made by Russia is one of history's greatest miscalculations.

Speaking at a reception and banquet for the Senator in Rockdale he explained that the morale and spirit of the West Berliners and American troops stationed there are higher than ever since the American victory in Cuba. It was held at Rockdale Junior High School.

He explained five of the reasons why the Russians made the move in the Cuban - American show-down:

ONE — Khrushchev tried to prove his 1956 statement that the balance of power had shifted from the U. S. to Russia.

TWO — It was an attempt to discredit the U. S. on its homeground where the Monroe Doctrine was in effect. This would weaken our prestige all over the world.

THREE — Russia wanted a staging area to extend communism into South America.

FOUR — They wanted a military base near the United States to offset the advantage of our overseas bases and our Polaris submarines.

Sen. Ralph Yarborough

FIVE — Russia was to use Cuba as a model state caused by a transition in government.

He gave this reason for the retreat of Russia:

"Khrushchev knew that we have overwhelmingly superiority in military arms."

He explained that Cuba is in our power area just like Hungary is in the Russian's power area.

Yarborough said that the American stand gave new hope to the West Berliners and they now feel much safer.

He told of his travels to West Berlin as a member of the Reserve. In uniform, he toured the East Berlin sector.

The two reasons that the East Berliners built the wall between the two sectors was to stop the refugees and to break the spirit of West Berlin.

Everyone used to visit freely when before the wall and high prosperity of West Berliners was causing thousands of refugees to go over to fill the many jobs in the West, the Senator said.

One of the reasons Yarborough said that the United States did not stop the Communists from building the wall is that it is on the Communist's side. The materials were moved into the area under the pretense of building homes and other buildings as the sites were marked off. Then came the barbed wire barriers and the wall.

Yarborough told of the high spirit and morale of the troops in the area around the wall. Some of the units have re-enlistment rates of 100 per cent.

NATIVE LANGUAGE SPOKEN

In talking about other travels, he found that the people serving the U. S. in other countries could now speak the language of the country. This has come about in the last five years and is due to the schools the government set up.

Yarborough praised the work of 11th District Rep. Bob Poage in the Inter-Pariamentary Union, the oldest peace seeking organization of its type in the world.

Library Option Extended

Road Signs Purchased

The City Council Tuesday extended a two-year option on the Cameron Library building site, E. Fourth St., for another two years and bought 42 "no parking" signs for W. Fourth St.

In a short meeting Tuesday at City Hall, Councilmen also heard routine reports from water and public works departments heads showing:

-A 24-inch storm sewer is going in on E. Sixth St.

-The W. Main St. sewer lift station is now in operation.

-Planning is underway increasing drainage pipe size at W. Sixth St. and North Crockett.

The Council approved a two-year extension following the Cameron Library Board's request for additional time. A building program is being considered pending provision of operating funds through a 10 cents per \$100 valuation library service tax, proposed for consideration on the April, 1963 city ballot.

And the signs will be purchased from Sargent - Sowell, Grand Prairie firm, for installation along W. Fourth St. (SH 36) calling for no parking at anytime.

City Sec. John Andres said that corner radii on the north side of the intersection of Travis and Fourth Sts. will be cut back to increase turning room for traffic on US 77.

Other business included payment of routine bills.

Santa Visits Kids At Courthouse

Thousands saw a 20-unit Christmas parade last Friday in Cameron and hundreds later attended the Little Jewel Jamboree at Simon - George Hall.

Winners of the float contest are listed on an inside page.

La Vert C. McKinney, Cameron, won the Shetland Pony given away during the stage show of the Jamboree.

Prior to the show, hundreds of people ate hotcakes and bacon served by the Cameron Chamber of Commerce. Proceeds went for purchase of welcome to Cameron signs on the three main roads into the city.

Santa Claus, bringing up the rear of the parade, met more than a thousand admirers in the Court-

house. Chamber officials reported that Santa's helpers, members of the Business and Professional Women's Club, gave out 1,200 sacks of candy.

Bands from Yoe High School, Thorndale High School and O. J. Thomas played for the parade through the downtown area.

First place winner among several float entries was the Bethel AME Church with a theme of "And the shepherds watched by night."

A special float publicized the Jamboree and pulled the pony given away that night.

About 40 people boosted the Jamboree, according to Eugene Smith-erman, general chairman. He extended appreciation to all the workers and hundreds of people who attended the show.

No official estimate of the crowd was made, but it appeared that about 7,000 people lined the parade route.

The number visiting with Santa after the parade was a record, according to the number of sacks of candy given out.

BOARD RESUMES

EQUALIZATION

TALKS HERE

Cameron School Board members met Tuesday night in a continuing study on district equalization plans, according to Supt. Charles Zeigler.

No decisions were made on beginning of an equalization program Supt. Zeigler said, but if one is undertaken before the tax year 1963 begins, it would have to begin "almost immediately."

Board officials have met informally with five different firms, Zeigler said, specializing in equalization studies. They are called appraisal engineering firms.

Average fee for such a firm's services is about \$20,000, Zeigler said. Some have been higher.

Board members will meet again at a regular meeting Thursday, December 13.

New board president is Dr. Gus Evans. Niley J. Smith is vice-president and Dr. S. H. Richardson is secretary.

Other board members are: Charlie Burke, Alton Fuchs, K. D. Griffin and Dr. Robert Tumlinson.

CofC Booster Club

Meeting Dec. 11

Reagan Brown, Rural Sociologist from the Extension Service in College Station, will be the featured speaker at the Cameron Chamber of Commerce Booster Club meeting on December 11.

N. L. Caperton, Chairman of the sponsoring public Relations Committee, said the meeting would begin at 7:30 p. m. at the Methodist Fellowship Hall.

"We are inviting the public to attend this meeting to hear Brown, who is a very fine speaker. He has a lot of humor and a lot of food for thought for a united effort in community progress," Caperton said.

Heretofore the Booster Club meetings have been open to Chamber members only, but for this particular session every member is urged to bring several guests including his wife and employees.

Refreshments of coffee and cookies will be served following the meeting. Several door prizes will be given away.

Benefit Planned

By WW IVets

Cameron Barracks 1403 of World War I veterans is selling tickets for a benefit showing of World War II films this week.

The show will be 7:30 p. m. Tuesday, December 18, at Yoe High School Auditorium. Proceeds will go for the purchase of hospital beds and donations to the Cameron Library fund.

Tickets are being sold for a donation of \$1.50.

2 - Star Milam Awards

Milam County was awarded two of a possible five stars in a recent County Tax Survey by the East Texas Chamber of Commerce.

The survey uses five points in rating the counties in the area it serves. The major point is that Milam County is debt free.

Milam was given stars for operating on a cash basis and having a net debt per capita below state average.

Stars were denied because the county was not operating within its budget. The county did not collect 95 per cent of the current taxes and the tax burden per capita was above the state average.

The county was awarded a star for cash balance which was \$176,336.53 at the end of 1961. The County started the year with a balance of \$164,395.07.

Milam County is virtually debt free and is awarded a star for this feat. The average county in the state is in debt \$21.79 per capita. The average East Texas County is in debt \$19.14 per person.

Milam lost a star because the expense budgeted was \$518,642.01 and the actual expenses were \$620,122.41. This indicates the county spent more money than was anticipated, according to the East Texas Chamber survey.

The second star was lost by the lower tax collection percentage. The requirement is 95 percent and Milam collected 93.83 percent.

Another star was denied by the operating tax fund rate which is 95 cents per \$100 as compared to the state wide rate of 84.9 cents.

Safety Expert

Explains System

To Reduce Accidents

W. H. Hanes, head of Texas Power and Light safety department, addressed Cameron Rotarians Wednesday on the value of safety planning.

Out of 339 accidents, 29 will require first aid and one hospitalization, he said.

"If we control work conditions, we can remove the main link between background conflicts and resulting injuries," he said.

Hanes demonstrated his Company's approach to safety by using five large dominoes labeled with five steps in the cause of accidents.

TP&L is currently operating with a string of almost 3.5 million man-hours without an injury, implementing the principles explained by Hanes. He was introduced by Henry Siebman, TP&L district manager and program chairman.

Turner were not hurt.

At Age 5...

Child Reads Papers, Maps

A Staff Special
Age 5 and he reads the news paper? Even The Cameron Herald?

That's right, says Mrs. Bobbie Jean Jones, of 400 E. 17th St., mother of young Alan Jones, 5, who has been reading maps, newspapers and other material for about a year.

Still a year away from school, Alan amazes family, friends and onlookers who see him read a newspaper.

The other day, Mrs. Jones says, Alan demonstrated his prodigy-like ability by reading several stories from a copy of The Herald for Mrs. Arnett Zelisko, Cameron teacher.

Asked to read, he took up a copy of the paper from a newsstand and began.

READS FOR YEAR

"He's been reading like that for about a year," Mrs. Jones says. "We first noted his ability to pick out things before he could talk. At age 1 1/2, he would be shown trade-

marks, cut out from newspapers or magazines. Without speaking, he pointed to the right one when asked which it was."

From that point, Alan went to scanning reading material and time first showed powerful evidence of

his intellect by learning the names of the major Texas cities and rivers and pointing them out on maps. "Can he write?" No, says his mother, but he can print. His memory? Oh, he meets people once and then can greet them by name the next time he sees them, she recalls.

Numbers are no problem either. He knows number tables quite well. Mrs. Jones recalls, and can do simple addition.

"He wants to learn," Mrs. Jones tells The Herald. "We don't try to force him to do these things. He just does them."

NO IQ TESTS

The lad's intelligence quotient has never been tested, she notes. The only test he has taken showed his capacity to be that of a 7-year-old. Question is: What child of 7? Albert Einstein, maybe?

"We're kind of concerned about his entering school in a year," Mrs. Jones surmises.

It is likely local teachers share her concern. Anyway, when they test the youngster sometime soon, family and friends will know more about young Alan. And by that time, he may be working his way through Encyclopedia Britannica.

Cotton Vote Choice Explained

COLLEGE STATION — The meaning of a "yes" or "no" vote in the December 11 referendum on cotton marketing quotas was explained today by the Texas Agricultural Stabilization and Conservation Committee.

The State Committee said if two-thirds of the growers voting in the referendum favor quotas, they will be in effect on the 1963 upland cotton crop and marketing penalties will apply to any "excess" cotton produced on a farm and price support at a level within the range of 66 to 90 percent of parity will be available to farmers who comply with their farm acreage allotments.

On the other hand, if more than a third of the growers oppose the quotas, then there will be no quotas and no penalties applicable to the 1963 upland cotton crop and price support to farmers who comply with their farm acreage allotments will be available at 50 percent of parity, as directed by law.

Allotments are not affected by the referendum. They will remain in effect — whether or not quotas are approved — as a means of determining eligibility for the available price support, the committee said.

The Secretary of Agriculture is directed by law to proclaim quotas for the next crop when the cotton supply exceeds normal, but growers themselves decide whether or not quotas will be used, explained the committee. Previous votes on quotas have been favorable.

The committee pointed out that the Administration plans to recommend new cotton legislation early in 1963. It is anticipated, however, that such legislation would supplement rather than substantially change the basic program choices to be presented for growers' determination in the Dec. 11 referendum.

All farmers who engaged in the production of upland cotton in 1962 are eligible to vote in the referendum, and are urged to do so by the State committeemen.

Allotments for individual farms will be available to growers prior to the referendum, the committee said. All cotton producers who have questions on the upcoming vote are urged to visit their local ASCS office for answers.

Tejas District Camporee Held

The Tejas District Annual Fall Camporee was held Saturday December 1 on the J. J. Heitman Farm seven miles south of Cameron. Five troops and 56 boys and their leaders from Rosebud, Cameron, Buckholts, and Rockdale participated in the event.

The Camporee consists of 12 competitive events in all phases of the Scouting program. Each troop had to cook the Saturday noon meal as well as participate in the Field Day Events to earn a ribbon. Each troop had a judge as guest for their Saturday noon meal.

Troop 51 of Rosebud, troop 52 of Cameron and troop 90 of Rockdale received first place ribbons.

Forrest Sapp, Bill Wallace, Don Humble, H. D. Maxwell, Allan Clayton, Harold Staffelback and Jack Hughes as well as several members of the Cameron Radio Post 54 served as judges of the events.

Penny Graves and Dennis Jistel receive the 4-H Gold Star Awards Saturday night at the 1963 Achievement Program. The awards were presented by Mrs. S. W. McClaren Jr., President of the Milam County 4-H Adult Leaders Association. A group of 140 guests, parents, and 4-H members attended the Achievement Program.

Penny is the daughter of Mr. and Mrs. Rufus Graves of Sharp. She is a freshman at Rockdale High School and has been active in 4-H work for the past five years. She has carried projects in Beef Cattle, Swine, Fat Lambs, Dairy Cattle, Poultry, Homestead Improvement, Clothing, Foods and others. She was the County and District winner in the Junior Santa Fe Awards Program with her 4-H Record Book this year. She is a member of the Senior Livestock Judging team and is currently President of her local 4-H Club at Sharp.

Milam ASCS Report

Polling places where Milam County farmers may cast ballots in the cotton and peanut referendums have been announced by Alva E. Sanders, office manager of the Milam County Agricultural Stabilization and Conservation Service.

Both cotton and peanut growers have a quota vote coming up December 11. Cotton growers will vote on whether they want to continue marketing quotas on the 1963 crop, and peanut growers will vote on whether they want to continue marketing quotas on the 1963, 1964 and 1965 crops of peanuts.

Sanders said that every effort has been made to inform farmers fully about the allotment - quota program so that the outcome of the referendums may represent the considered opinion of all the voters.

Farmers engaged in the production of upland cotton in 1962 will be eligible to vote in the cotton referendum. Growers engaged in the production of more than one acre of peanuts for nuts in 1962 will be eligible to vote in the peanut referendum. Spouses of eligible producers will also be eligible to vote.

The voting in Milam County for both cotton and peanuts will take place Tuesday, December 11, 1962 as announced by Sanders, at the following polling places: "A" Community: Ben Arnold - Recreation Hall - old school; Clarkson - School Building; Baileyville - Community Building; "B" Community: Mayfield - Thweatt's Store (Post Office); Branchville - Bailey's Store; "C" Community: Milano - Department of Public Welfare Building; "D" Community: Rockdale - Veterans' Building; "E" Community: Thorndale - Thorndale State Bank; San Gabriel - Baptist Church (Fellowship Department); "F" Community: Sharp - Domino Hall; Davilla - Clyde Moore's Store; "G" Community: Buckholts - Cecil Criswell's Office; "H" Community: Cameron - ASCS Office (new location across street from Post Office); Varrellton - Buster Griffin's Store.

The polls will be open between the hours of 8 a. m. and 6 p. m.

Dennis is the son of Mr. and Mrs. Richard Jistel of Rt. 1, Cameron. He is a sophomore at Yoe High School in Cameron and has been in 4-H work for six years. He has carried projects in Swine, Poultry, Garden, Hybrid Corn, Homestead Improvement, Pecans, Entomology, Soil Conservation and others. Dennis was the county winner in Boys Agriculture with his 4-H Record Book this year. He is currently Chairman of Milam County 4-H Council and is a member of the Senior Poultry Judging team.

Both Dennis and Penny are outstanding 4-H members and have demonstrated unusual leadership ability in 4-H and other work.

Thirty five other 4-H winners were presented awards as follows: Reed Davis, Leadership, presented by Mrs. Rufus Graves; Carolyn Jistel and Gwendolyn Jistel, Achievement, presented by Jack Prescott; Beautification of Home Grounds, Bailey McAnulty, presented by Mrs. B. Fred Brison, professor of Horticulture at Texas A & M, will judge the pecans. Qualified judges in the field of homemaking will score the food show entries.

"Projecting An Image" - A traveling man, after having worked in Rockdale, made this statement that he had seen something today completely new to him. He confessed that he had never heard of a Pecan Show and wanted to know if such was possible.

According to authorities, the most sought - after human skill in industry and service is the ability to project a favorable image. The Pecan and Food Show is a favorable "gimmick."

BRUCELLOSIS PETITION

Brucellosis petition work is making progress. Community meetings are being planned for Buckholts, Milano, Thorndale and Cameron to go over the tax roll list of cattle owners and to make plans for getting enough signatures to represent 75 per cent of the cattle owners owning 51 per cent of the cattle on the tax roll in Milam County.

The tax roll show 1,350 cattle owners with 17,800 cattle on the roll. Some of the men who have signed petitions in the county do not have cattle on the tax roll, likewise, a few cattle owners have not signed the petition.

The Milam County Livestock Improvement Association recognizes the value of livestock to the economy of the county and are highly pleased with the cooperation of community committeemen and stockmen's efforts to correct this problem.

COMMUNITY IMPROVEMENT

The communities participating in the improvement program are planning special educational programs and activities for the Yule Tide season. Davilla, Gause and Griffen Chapel are planning programs and activities that will portray the true meaning of Christmas.

Along with the program each community will sponsor a Christmas tree and exchange gifts. Special consideration will be given to the senior citizens and those who are incapacitated at this season.

COCKROACH

The USDA has isolated a natural attractant from the female American cockroach. They see the discovery as a possible means of controlling the pests by using it in combination with insecticides, and chemical sterilizing agents. But due to the small amount obtainable from each roach the natural extract does not appear to be economical for commercial use.

Examples Set By

TP&L For Tomorrow

A \$350 million coordinated high voltage transmission line and power plant construction program announced by 18 investor-owned electric utilities in the eastern United States is another example of the electric industry's ability to meet tomorrow's power needs.

W. W. Lynch, president of Texas Power & Light Company and the Edison Electric Institute, said the continuing investment in new and expanded plant and equipment is one reason why Americans have and use more electric energy than any other people in the world.

The 18 electric companies serve 30 million persons in eight eastern states and the District of Columbia. Two larger power plants and more than 600 miles of new 500,000-volt transmission lines will be constructed and will tie together major electric systems in the eastern mid-Atlantic area.

Yoe High, O. J. Thomas Students To Share In Betty Crocker Test

A senior high school girl from Yoe High School and O. J. Thomas School in Cameron may well be among those who will share in \$10,000 in college scholarships being offered again this year in the ninth annual Betty Crocker Search for the American Homemaker of Tomorrow.

In past years, winners have come from every type of community — large, small, medium and rural — and from all types of schools, public, private and parochial. Sponsor of the program is General Mills.

Senior girls here will join with a record number of more than 410,000 others in more than 12,500 of the nation's schools Tues. in a written test to help determine winners in the 1963 Search Program.

Invitations For Inaugural Rites Being Prepared

AUSTIN — Invitations to the 1962 inaugural ceremonies here Jan. 15 are in the process of being printed but will not be mailed until after Christmas to avoid the holiday rush, announced William C. Long, general chairman of the inaugural activities.

Long said the post - Christmas mailing helps two ways: It will keep the Post Office from being delayed with thousands of extra pieces of mail at a peak period.

It will eliminate the possibility of the invitations being lost at home in the Yuletide barrage of greetings.

All four inauguration day activities — the morning prayer service, noon swearing — in ceremonies, afternoon downtown parade and evening reception — will be open to the public without charge, Long said.

Invitations, however, to the \$25-a-plate Victory Dinner on Jan. 14 will be put in the mail sooner so the limited supply of tickets can be mailed back to those attending.

The dinner at the Municipal Auditorium is being sponsored by the State Democratic Executive Committee with proceeds to be used in building a stronger party organization in Texas.

With Long on the inaugural committee are Warren Woodward, vice chairman; Frank C. Erwin Jr., secretary and Tom McCrummen Jr., treasurer.

Others on the committee are Sen. Charles Herring, Rep. Ben Barnes, Jake Jacobsen, Tom Miller, Jr., E. W. Jackson, Frank Denius and Will A. Davis.

Davis and Mrs. Wallace Scott Jr. are co-chairmen of the SDEC Victory Dinner. J. J. Pickle is parade chairman.

The test, prepared by Science Research Associates, Chicago, to emphasize the importance of home-making as a career, is the determining factor in selecting local and state winners. Personal observation and interviews are added factors in selecting national winners.

The 193 All-American Homemaker of Tomorrow and three runners-up will be named in the spring at the culmination of an expense-paid educational tour of New York City, Washington, D. C. and Colonial Williamsburg for winners from the 50 states and the District of Columbia and their advisors.

Scholarships range from \$1,500 for each State Homemaker of Tomorrow and \$500 for each state runner-up to \$5,000, \$4,000, \$3,000 and \$2,000, respectively, for top national winners. A complete set of Encyclopedia Britannica is awarded the school of each state winner.

Including the 1963 program, close to 3 million girls have participated in the Betty Crocker Search in its nine years of operation. Scholarship grants are approaching the million dollar mark. From the start, the program has been on the approved list of national contests and activities of the National Association of Secondary School Principals.

Vessels Honored At Coffee Thurs.

Mr. and Mrs. James Vessels and family was honored with a coffee Thursday night at the home of Mr. and Mrs. Raymond Kurtz with their Confraternity of Christian Doctrine class as co-hostess.

The class includes Mr. and Mrs. Barney McLerran, Mr. and Mrs. Robert Eickenhorst, Mr. and Mrs. Billie Ellis and Mr. and Mrs. Clarence Hanel.

Mr. and Mrs. Vessels with their children, Mary, Kathy, Jim, Rosie, Johnny and Caroline will move to Killeen in January.

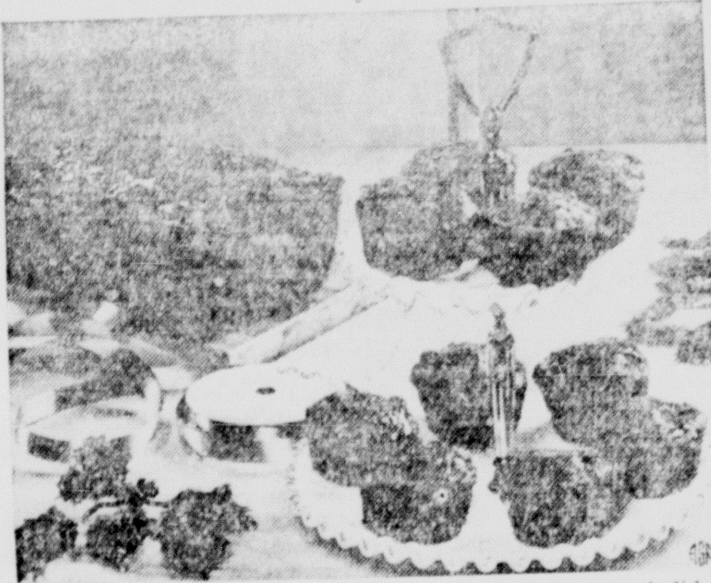

Yellow and white mums were placed in the living room and at other points in the home.

The honored guests were presented a gift from the group.

NEW PROCESS

A new process have been developed that may restore cotton baling to popular use for padding. The treatment, the application of a latex compound, prevents lumping and unevenness of the cotton product when made into upholstered furniture, mattresses and seating material for automobiles and airplanes. The new padding is not commercially available yet, but manufacturers are making extensive tests and evaluations.

Fast 'n Fancy Fruitcake

For gifts, for snacking, or to serve with pride at your holiday open house, there's nothing quite like rich, moist fruitcake. This recipe fits the busy season's schedule nicely, too, because it starts with Date Bread Mix. With a few quick additions you'll have a loaf or individual fruitcakes as full of goodies as a Christmas stocking.

Date Fruitcake

- 1 package Date Bread Mix
- 1 1/2 cups chopped candied fruit
- 1 cup chopped pecans
- 1/2 cup raisins

Prepare Date Bread Mix adding candied fruit, pecans and raisins with the dry mix. Bake at 350 degrees for 65 to 70 minutes. Glaze with warm corn syrup and garnish with candied fruit. Cool thoroughly before slicing.

MINIATURE FRUITCAKES: Bake in 24 paper-lined or greased muffin cups for 30 to 35 minutes.

Service Club Holds Meeting

ROGERS — The Rogers Community Service Club in regular meeting Tuesday evening set Saturday December 15 at 4 p. m. as the time for the annual Christmas party for the children of the larger community, according to an announcement by Wayne Crawford, president. Committees were appointed to carry out the project.

The Club also approved the recommendation of a civic improvement committee headed by the Rev. Clyde Lee Herring to put up street signs in town. The names of the streets and block numbers will be on top of aluminum poles at street intersections. The signs will be ordered immediately.

The Club will not meet the fourth Tuesday in December since that date falls on Christmas day, Crawford stated.

Choir Schedules

Concert Here

TOO ROOMY TO BE A COMPACT...

TOO DARN THRIFTY TO BE ANYTHING ELSE

INTRODUCING COMPACT 63 DODGE DART

There's a new idea going around. And it's catching on. The Dart idea! No longer do you have to be packed or stacked in a compact. Now there's plenty of room—for head, feet, and seat. No longer do you have to settle for weak-sister, lower. Dart saves with the rest of 'em... yet outstrikes the best of 'em. That's the whole idea! Too roomy to be a compact, too darn thrifty to be anything else! And lots of spunk in the bargain. Now go see it. Nine fresh models. New 5-year/50,000-mile warranty*.

*Four authorized Dodge Dealers' Warranties against defects in material and workmanship on 1963 cars has been expanded to include parts replacement or repair without charge for required parts or labor for 5 years or 50,000 miles, whichever comes first, on the engine block, head and internal parts; transmission case and internal parts including manual clutch; larger converter drive shaft; universal joints (including dust covers); rear axle and differential; and rear wheel bearings—provided the vehicle has been serviced at responsible intervals according to the Dodge Certified Car Care schedule.

Outdoors In Texas

By Vern Sanford
Right now is the time to make your deer hunt successful. Many a hunter will go into the woods this fall with a gun he's never seen before. He may not know how it will shoot, or even whether it will shoot.

Up will jump a buck. He'll shoot and miss. Or worse still, inflict a wound from which it may die later, without benefit to anyone.

Hunting big game with a big bore gun, without first getting acquainted with it, is one of the most senseless things a hunter can do.

Plain talk you say. That's what it's intended to be.

It's fun to get in a little practice shooting. And that's what we're trying to encourage. Practice shooting not only improves your hunting skills and keeps the ammunition manufacturers in business, but it also provides the 11 per cent excise tax from which you derive better hunting.

Fortunately most deer hunters own their guns. But a lot of hunters neglect them from year to year.

On the other hand there is the spontaneous hunter, the fellow who decides all of a sudden to go hunting. He borrows or leases a gun for the occasion, gets a few cartridges, goes out and misses a few shots, then gripes about it the rest of his life.

One man I know won't lend a deer rifle for just that reason. He has several guns. In fact, gun collecting is one of his hobbies. He says if a man wants to hunt he should have enough interest to have a gun available that he knows something about.

Another hunter I know had a good deer rifle -- in fact several of them -- until his boys grew up. Then they took them over. For the last 20 or more years he's borrowed a gun each year to hunt with and always gets his buck. But he knows guns, and he's well acquainted with the guns he borrows.

It is getting progressively easier for a hunter to get acquainted with his rifle. Scattered over the state are literally hundreds of rifle ranges where a person can shoot in the gun. Many gun stores have a place where you can sight -- in your rifle or take a few practice shots.

A little dry firing in your own home also is helpful. Here you get the practice of throwing the gun to your shoulder. You get the feel of it. And you learn how to line up the sights.

Deer rifles now are divided into categories.

First there is the lever action, short barrel rifle that usually is used with open sights. These are particularly adapted to the brush country and the hill country. Basically 30-30 caliber, they are adequate for the white-tailed deer. They are easy to handle and almost fool proof.

Then there is the bolt action rifle, usually equipped with the telescopic sight. Herein lies one of the problems. Despite the ruggedness of the sight or the mount, it is easier for this gun to get out of alignment. It should be shot -- in before the season opens, then properly cased

so the sight will not get out of alignment.

Last fall a man we know shot in his gun, a new model. He had it equipped with one of the best variable scopes money could buy. On a hunting trip he stored it in a cloth case which he packed into the crowded luggage compartment of a small plane. When he got to Colorado he missed his first shot, at a big buck, by six feet.

This year he vows he'll pack the gun differently and check it out when he gets into camp.

Between the lever and bolt action rifles are the semi-automatic and the pump. But the same general principles can be applied to them. Check them over thoroughly.

Also this year there will be a great many hunters, especially in the thick brush of East Texas who'll be using shotguns with slugs.

With these new slug cartridges a shotgun now can be very effective and accurate for deer hunting up to 100 yards. But here again, they should be tested out first, particularly if you plan to use the old scatter barrels without the sighting arrangement necessary for extreme accuracy.

Most of the gun manufacturers today have developed slug barrels for their guns. Some of them are only 20 inches long. They have front and rear sights and can be shot with great accuracy up to and even beyond 100 yards.

These barrels, bored especially for slugs, also are excellent for bird shooting. They are about equivalent to improved cylinders.

So if you want to get your deer this fall, begin now with your practice. Use regulation targets. Start at 25 yards. If you can knock out the "X" at 25 yards, move the target out to 100. If you hit the same spot at this distance you're ready for the field.

Generally speaking this is a good basic way of sighting -- in a rifle.

Because of the trajectory, if you have it on at 25 or 30 yards, it will be on at 100. There will be slight variations, according to the size and speed of the bullet, but not a great deal.

Anyway, it will be within working tolerance and from there you can zero it in to hit exactly where you want it.

Milano Defeats

Rogers 49 - 36

Milano boys took a first quarter lead and held on to it to defeat the Rogers Eagles 49-36. Milano also held the lead 23-16 at halftime.

Top man for Rogers was Chandler Sisco with 12 points. Tied for second were Carl Foster and Steve Castillo with eight each.

Reese led Milano as he dropped 17 points. Miller and Yoakum tied for second with eight each.

Field goals were almost even at 16-14 with Milano having the edge. But in the free throw department Milano had 17 to Rogers' 8.

This was Milano's third game and the first for Coach Dal Coleman's young Rogers team.

MORRIS JONES NAMED TO 14-B TEAM

Morris Jones high scoring back of Buckholts, was named to the 14-B All-District team. Making honorable mention were Gerald Bales and Buddy Inge of Buckholts. Bales made it at end position and Inge at back.

The team includes: Backs - Fernando Leos and David Vincent of Oglesby and Jones. Ends - Sammy Leach and Ronald Wallace of Turnersville and Ronnie Barr of Flat.

Center - Druz Ledesma of Oglesby. Oglesby won the district crown for the fourth straight year.

Milano Girls Top

Rogers 43 - 28

The Milano Girls' Basketball team used a big second quarter to defeat the Rogers girls 43-28 in the finals of the Girls Milano Tournament ending Dec. 1.

Big gun for the Milano team was Carolyn Knight as she scored 28 points. Next was Brenda Hux with 12 points.

For Rogers it was Carol Frits with 12 and Shirley Luksa and Glenda Mayfield with eight each.

Rogers gained the spot in the finals by dropping Thrall 36-23 and Thorndale 36-23. The tournament gave Rogers a 4-1 season.

Yoe Jr. Varsity

Loses To Rosebud

The Cameron Jr. Varsity lost to Rosebud B Team 31-16 in a hard fought game last week.

Larry Paul Manley was tons for the Yoe with 8 points. Second was Mack McKinney with five points.

W. D. Swanzy Larry Kasner and Joe Marek led the Panthers with eight points each.

Rosebud Runs Over

Connally 59 - 39

Rosebud won their first game of the young season with a 59-39 win over Connally of Waco.

Gene Janes was the top scorer in the game as he dropped 13 points thru the basket. Lee Castilleja was second with 12 points.

Top man in the game was Connally's Huntley with 21 points. The Connally B team topped the Rosebud team 31-20.

A&M Cons. Drops

Crockett 46 - 28

A & M Consolidated led the Crockett bulldogs all the way as they dropped them 46-28.

Kurt Schember and Charles Gandy led the Tigers with eleven points each. Next was Mike Callihan with seven points.

R. Flanagan was high for Crockett with nine points.

Rockdale Drops Mason 22-20

By topping Mason 22-20 Friday Rockdale entered the quarter-final playoffs and the right to meet Humble in Huntsville Friday night.

Mason scored first after taking over on a quick kick to the Rockdale 47. On the first play Arlis Zesch raced 25 yards and then dashed for eight yards. Dale Gipson took the ball in from the 14 for the touchdown. Zesch went over for the extra points.

Rockdale came back as quarterback Dicky Summers started the passing game. He tossed to Ronnie Menn who was seeing his first full time game, since the Elgin contest when he suffered a broken leg. This pass moved the ball to the Mason 12 for a 46 yard gain. But on the next play Dubby Johnson of Mason intercepted an aerial and returned it to the nine. But Mason fumbled on the 12 and Rockdale recovered.

Summers then hit Ernie Wayne Laurence for the touchdown. He then passed to Ronnie Seelke for the points and the score stood at 8-8 at the halftime.

Mason moved the ball 54 yards in five plays and then sent Gipson off

tackle for the TD. The PAT try was no good and Mason was ahead 14-8.

The Tigers' Copie Terry intercepted a pass on the Tiger 35 and raced to the one yard line before he was hit. Summers then plunged over for the tally. Menn missed the extra point and the score rested at 14-14.

Now in the spread Rockdale continued the pass attack and moved from their own 36 for a TD as Summers tossed to Seelke for the score. Summers then repeated the procedure as he again tossed to Seelke for the all important two points.

Mason started on their 30 and drove 70 yards in eight plays capped by Tim Schmidt catch of a short pass from McMillan on the 30 and he raced over to score. The PAT was no good and Rockdale wrote another page in the RHS history book as they won the first Regional title in history of the school.

This week's opponent, Humble, ran away from Livingston 53-20. Both Rockdale and Humble have a 11-1 record.

By James Hollas

The Yoemen are looking better each week even though they lost to Rosebud. They led the Panthers for three quarters. But they were unable to adjust to a shift in defense. This is due mainly to inexperience.

The team is coming on and will win its share of games this year. Some of the boys are developing along the lines the coaches were worried about.

Laurence Laffere is one of these boys. His defensive ability looked good but his shooting eye was doubtful. But now he is the leading scorer for the Yoemen. And he plays a top defensive game.

The team is young with the starting lineup having three juniors and two sophomores on it.

Friday night the fans will be treated to another performance of the toy Yoemen. These boys are in the sixth grade and they have been working on several ball handling routines and put on three each time.

These are fancy ball handling routines and the kids are doing real well. Come out and watch the h

of the Taylor game.

SMU Coach Hayden Fry had some fine words about former Yoe Grider Ray Green who is now a pre-medical student at SMU. In a Dallas Times Herald article last week he said that the seniors had given the team exceptional leadership and played hard.

Then he said this about Green: "Green has played excellent football, especially for one who has a bad arm. Tendons and ligaments are torn in his biceps, and he may have an operation. But he kept playing. He's a real tough, consistent player. Could have thrown to him a lot more if he'd had a good arm."

This is truly the ever fighting Green that Cameron fans knew when he was playing for the Yoemen.

And talking about football, the 19-AA All-District Team will be announced as soon as Rockdale is finished with their season.

This was the agreement of the coaches after the meeting in which they selected the standouts.

Basketball Notes

There is an almost full slate of games in basketball circles this week.

Cameron will be in the Thrall tournament Thursday and Saturday. They will take on Granger at 6:30 p. m. Thursday. Then they return home Friday night and play Taylor A & B team. Then they go back to Thrall and play either Thrall or Taylor Saturday.

Others in the tournament are Holland, Texas State School of the Deaf, Florence and Georgetown. On Tuesday Cameron is host to Rogers.

This weekend Rogers is busy as host to their tournament.

Rosebud goes to Lorena Friday and will be in the Hubbard Tournament December 13, 14, and 15.

In District 19AA action this week Navasota will be in the Katy tournament and will go to Anderson Dec. 11.

Hearne will be host to Franklin on Dec. 7 and to Bremond on Dec. 11.

Rockdale is still playing football and have cancelled their games which they had scheduled.

Come From Behind

Rosebud Tops Yoemen

Cameron's inexperience showed up as the Yoemen suffered the first loss to Rosebud 46-36. The Yoemen led 27-10 at the half. They dropped behind 30-29 at the end of the third quarter.

Dennis Jones was the top scorer for the Yoemen as he hit four field goals and four of five free throws for 12 points. Ronnie McWilliams, who played an outstanding defense game was second with eight points.

For the Panthers it was Harold Swanzy, a fine rebounder, with 14 points. Guard Lee Castilleja hit for 12 points.

Laurence Laffere, a defensive standout, scored six points to stay ahead in the season scoring with a total of 17 points.

The Yoemen showed a lot of hustle and did a good job of rebounding.

Gifts From The Heart of Your Home

This is the time of the year when most families begin to enjoy some of the traditional activities of the holiday season. One important location for such fun is the kitchen. Family favorite recipes are brought out and soon the aroma of fruit cakes, cookies, bread and other holiday foods begins to permeate the whole house.

Most folks have friends, neighbors, shut-ins and others whom they wish to remember at Christmas time, but there's often a question of what the gift should be. Baked foods of your own making can answer this question. For instance, cookies can be attractively arranged on a reusable plate or tray, then overwrapped with sparkling saran. When this is done, the real goodness of your baked gift will show through and protect the freshness and flavor. No need to buy expensive gift wraps when you have saran right in your kitchen. Gifts from the kitchen have a very special appeal and will convey the real spirit of the season. Even the most particular person will be pleased with your thoughtfulness.

Sworn In During

Austin Ceremony

Rep. Milton Schiller attended a ceremony in the Capitol in Austin November 23 held to swear in new members of the upcoming 58th Legislature which convenes in January.

He joined a group of 62 new members of the House who took the oath of office at that time.

The early swearing-in was necessary for legislators who were elected to newly formed districts such as the 45th which Schiller will represent.

While he was in Austin, he said he also was assigned his desk in the House chamber. Earlier he was consulted on his Committee preferences. His desk mate, he reported, will be Rep. David G. Haines of Bryan.

Schiller is the first resident of Milam County to represent this area in Austin in over ten terms.

A child's first eye test, according to many specialists, ought to be done at about age three, when differences in right and left vision often can be corrected quite easily. A few years later, similar defects are much harder to correct. A picture chart can be used to test the vision of youngsters who haven't learned to read.

Other hints on eye care are suggested by Dr. Franklin M. Foote, executive director of the National

Institute for Prevention of Blindness. Dr. Foote recommends that you shade a baby's eyes from direct sunlight and if they are watery or inflamed, have your doctor take a look.

Don't try to "rub" a cinder out of your eye, Dr. Foote cautions. If blinking or watering with a little lukewarm water doesn't do it, let your doctor remove the particle before it works into the cornea, or "window" covering of the eye.

Eye specialists urge that you protect your eyes against glare reflected from shiny surfaces when reading, and read only in good light. Whether light comes from behind your right or left shoulder doesn't really matter.

A lamp turned on when you watch television actually helps you avoid strain. If you drive at night, don't wear tinted glasses to protect against headlight glare; vision will be dangerously reduced.

The Post And Mr. Stevenson

There is much concern about a Saturday Evening Post report saying UN delegate Adlai Stevenson favored negotiation rather than blockade of Cuba. Writers Stewart Alsop and Charles Bartlett's article stirred immediate re-nunciation from Mr. Stevenson and the White House. Stevenson labeled the report "inaccurate and grossly misrepresenting my views."

The reason the article was given credence is due to the close liaison between President Kennedy and the two writers. Sources for the comments about Stevenson were not announced and likely won't be.

It would seem the same problem has popped up about Stevenson's status in the UN as with Chester Bowles' demotion for advocating limited U. S. participation in the U. S. - sponsored Bay of Pigs debacle.

If Stevenson did advocate conferences rather than support of a blockade, he certainly took the bold initiative in the UN in calling the Soviets' hand on their missiles. It caused the return home of the chief of the UN delegation a short time after the U. S. blockade began.

It is certain that any advocacy of a "soft line" with Russia has lost complete favor with this nation. Americans are not accustomed to dealing softly with fascists or communists.

Mr. Stevenson's future role in the UN is jeopardized by the Post's story. Public opinion will decide the issue, as it did the confrontation of Russia in Cuba.

Christmas Program A Success . . .

No one knows how many thousand people saw the Cameron Christmas parade, but it was a resounding success.

Best count was reflected by the giving away of 1,200 bags of candy to Santa Claus visitors at Milam Courthouse. The Business & Professional Women's Club assisted.

There were some excellent floats and the parade appeared larger than the 1962 edition.

The Jamboree topped off the afternoon of events. And the hundreds attending got a review of good talent well received.

4-H Leaders Set Workshops

Thirty-one members attended the Milam County Adult Leadership Committee meeting Monday at January workshops to cover a variety of topics, according to Mrs. Helen Perry, reporter for the organization.

Dr. Ed Schlutt, associate director of 4-H work with the Texas A & M College spoke on "Youth Today Lack Direction and Purpose."

In January, the women of the adult leadership committee will conduct a workshop to cover such topics as clothing, food and flowers. A night workshop by the men will be held including automotive education, electricity and livestock care topics.

Twenty 4-H members under the direction of Max McClaren presented three musical specials, "Christ For Me," "White Christmas" and "O Come All Ye Faithful."

20 Changes For Sales Tax Law

By Vern Sanford

AUSTIN — Twenty changes in Texas' two per cent sales tax law are recommended by the Texas Commission on State and Local Tax Policy.

Some changes would result in decreased revenue and some would mean an increase. But the total outcome of a legislative put-and-take would produce an additional \$1,500,000 a year from a tax that is expected to bring \$170,000,000 into state coffers this year.

Sen. George Parkhouse of Dallas is chairman of the commission. Other members are Hugo H. Loewenstern of Amarillo, Dr. John R. Stockton of Austin, Senators Louis Crump of San Saba and Jop S. Fuller of Port Arthur. Representative Charles Sautahl of Austin and Charles Wilson of Trinity.

Parkhouse predicted that if spending in the next biennium is in line with the present level, no additional taxes would have to be levied.

A large addition to income — if recommendations are adopted — would come from applying the state sales tax to motor vehicle sales in place of the selective excise tax now levied on vehicles.

Commission recommended repeal of the exemption of farm machinery and equipment, but suggested that feed for farm work animals; herbicides, delatants and desiccants, and all fertilizer sales be exempt.

Some other recommendations were:

1. Apply sales tax to all clothing sales, which would up revenue \$10,000,000 a year.
2. Exempt vending machine sales of less than 25 cents, and all sales of less than 25 cents for retailers who derive 50 per cent of receipts from such sales.
3. Exempt sales made to state banks, since sales to national banks are exempt.
4. Exempt all sales of alcoholic beverages.

5. Permit grocery stores to pay sales tax in proportion to purchases of taxable and non-taxable items. Grocers with annual receipts of less than \$100,000 would pay sales tax on the assumption that 35 per cent of receipts are from exempt items.

ELECTION CHANGES

The Election Law Study Committee released a 221-page report on proposed changes in Texas election laws.

Sen. Tom Creighton of Mineral Wells, chairman of the committee, said the main goal is to remove conflicts and deficiencies from the present code. The more palatable suggestions will be included in one bill for legislative consideration. More controversial items will be presented separately.

Public will have a change to challenge the proposals on December 6 and 7 when an open hearing will be held in the Senate chamber. Committee also will hold hearings at that time on a voter registration law and a proposal to change the dates of primary elections.

Some of the 120 proposed amendments concern:

1. Having voters check preferred candidates on paper ballots, instead of scratching those opposed.
2. Requiring write-in nominees and runoff candidates to pay the same fees as other candidates.
3. Fining voters who cast a ballot in one party's primary and then vote in the runoff of another party.
4. Requiring campaign expense reports by newspapers, magazines, billboards, printers, radio and TV stations, on all advertising contracts.
5. Requiring all voters over 60 years of age to get annual exemptions.

Permitting different parties to hold primaries in the same building, as long as there is no means of direct passage between polls.

DEBT INCREASED

State Treasurer Jesse James reports that the deficit in the General Revenue Fund increased by \$6,000,000 between November 11 and November 23, when it was \$34,146,000.

GUARDSMEN WAIT

Waiting for approval of armories under the federal-state building program are 32 units of the Texas National Guard.

Federal government, which underwrites 75 per cent of the cost of each armory, is approving construction at the average rate of six per year, but there is no priority arrangement.

So far, 11 armories have been built under the program, according to Harry B. Kelton, director of the Texas National Guard Armory Board.

Eight are under construction at Bonham, Seguin, Dallas, Mexia, Kerens, Mission, Mercedes and Harlingen. Units at Brownwood, Tulsa and Fredericksburg have approval for construction.

On the waiting list are units in El Paso, Clipper, Canyon, Belton, Olney, Houston, Electra, Winnsboro, Galveston, Paris, Taylor, Kingville, Austin, Port Neches, Gatesville, Alice, Huntsville, Borger, Pecos, Monahans, San Antonio, Sulphur Springs, Grand Prairie and New Boston.

PRUSSIC ACID

Prussic acid can reach a high level following the first frost of the year. Certain chemical changes take place in the plants that are wilted and the poison works quickly, killing a short time after the animal has eaten it. Don't allow animals to graze on wet pasture following a freeze and make certain silage is free from prussic acid on frosty mornings.

Letters To The Editor

Dec. 5, 1962

The Cameron Herald
Cameron, Texas
Dear Editor:

It may be more important than ever for cotton farmers to vote this year. If those who prefer more acreage and less price vote against the cotton marketing quota program on Dec. 11, unless this vote is offset by the vote of those who prefer a good price to more acreage, most cotton farmers in this part of Texas may find it unprofitable to continue to grow cotton.

Yours sincerely,
Paul S. Dillon

Editor, The Herald
Cameron, Texas Dec. 4, 1962

The members of the Publicity Committee of the Cameron Chamber of Commerce would like to take this opportunity to express our thanks to the many workers and supporters of the "Little Jewel Jamboree" held November 30. The Jamboree was a tremendous success in raising funds to purchase our Welcome signs for our three highway entrances.

A program as big as this definitely cannot be possible without the splendid cooperation and willingness expressed and volunteered by so many of our citizens.

Our town can certainly be proud of the way everyone worked together to put this event over.

Please accept my own personal thanks as general chairman of the Jamboree, for the spirit in which every task was undertaken.

THE OLD PHILOSOPHER

Philosopher Wants Farm Income Tied In
With The National Economic Index Plan

Dear editor:

I don't know where they get the figures, I know they don't use any of mine, but some government experts come out once a month with a report on what the cost of living index was the previous month.

Under this system, if the cost of living goes up so many points, as it has for the past several years, certain wage earners get an automatic increase in pay.

I was reading the figures for the past month and noticed that among the people getting an automatic increase were farm equipment workers. What I would like to know is why don't these experts figure out a way to give us farmers an automatic pay increase that's tied in with the economic index. It's the only way to meet the increased cost of farm equipment resulting from the increased pay for the farm equipment workers. It wouldn't be too hard to do. Since we don't get paid by the hour, it would have to be figured on a yearly basis, but I'd agree to wait till the end of the year for my check.

As I understand it, the value of a dollar fluctuates, it's not the same today as it was last month or last year, and this program is designed to see that workers get a living wage. When a dollar buys less, they get more dollars; when a dollar buys more, they get a little less, although this latter situation hasn't come up so far in the last 25 years. The experts say this program makes sense.

Well, I'll tell you, it's good enough as far as it goes, but it doesn't go far enough.

A living wage is not enough to get by on these days. It takes more than that. At least, there aren't very many people left willing to try it.

Excuse me, I've got to end this letter and get out and try to make some money farming. I need \$40. The picture tube on my television set has just busted.

Yours faithfully,
J. A.

REFERENDUM DATE

December 11 is the date for a referendum on whether or not to keep cotton marketing quotas for the 1963 upland cotton crop. If the quotas are approved, penalties will be in effect for overplanting cotton allotments and price supports will be set at 65 to 90 per cent of parity. If quotas are not approved by a two-thirds majority of those voting, allotments will still apply but no penalties will be placed on those overproducing and supports will be only 50 percent of parity.

High School - College Program Set

Over 300 high school superintendents, principals, and student counselors are expected to attend the sixth annual conference on High School and College Programs at the University of Houston December 10.

This year's all day program is designed to acquaint the administrators of high schools in southeastern Texas with the new problems and procedures created by the entrance of the University of Houston into the system of state supported schools. Particular emphasis will be placed on new entrance requirements and freshmen testing procedures.

Dr. Philip G. Hoffman, president of the University, will be the guest speaker at the 6:30 dinner meeting.

Speakers for the conference include Dr. John Allred, vice president of the University and dean of faculties; Ramon A. Vitulli, registrar; Dr. Alfred R. Neumann, dean of the College of Arts and Sciences; Dr. Joseph P. Schmitt, director of counseling and testing; and Dr. Alan W. Johnson, dean of students.

PICK YOUR KIND OF CAR

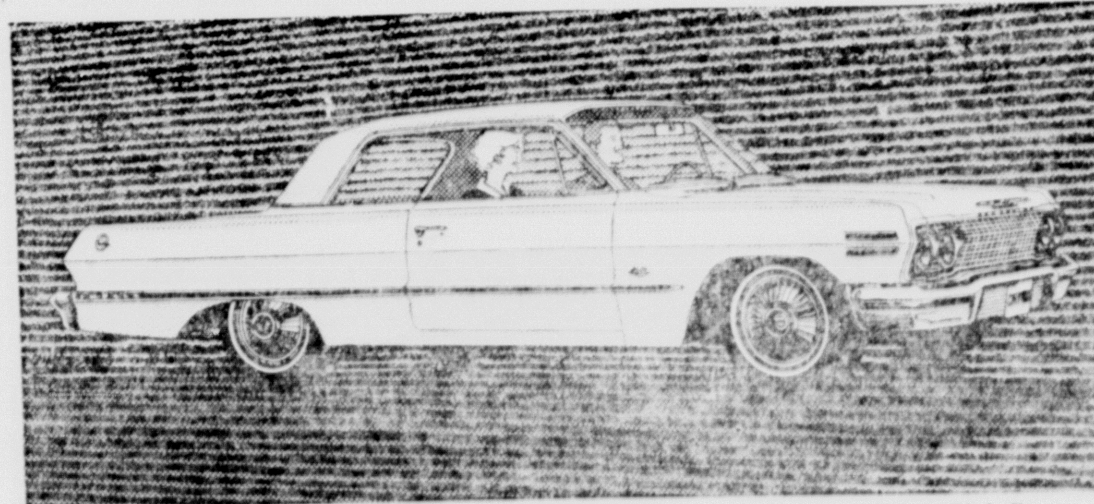

AT YOUR CHEVROLET DEALER'S ONE-STOP SHOPPING CENTER

If you'd like to see how your car dollar can be tailored to your needs, your Chevrolet dealer has four entirely different kinds of cars that do it handily. Jet-smooth '63 Chevrolet: It's a luxury car that invites comparison with the high-priced cars. '63 Chevy II: Really much too snappy looking and spirited to be called a thrift car. But sparing is what it is in price and up-

keep. '63 Corvair: The rear-engine wonder for people who like their sport with the family along. Then there's our all-out sports car—the new Corvair Sting Ray: It's completely restyled and re-engineered, and now available in convertible or sport coupe. Whatever your new car fancy, you'll find the answer at your Chevrolet dealer's.

Listen, Friend....

— let me tell you something about the church.
It's a place where "everybody is somebody". The
'working man' and the 'white collar' man are on the
same level. My best and truest friendships were
formed at church. It was there that I learned the im-
portance and value of my life to God and to the world.
I work with my hands, worship God with my heart, and live
with the knowledge that my life—invested in the church
—is a strength to the community in which I live; and that
is one of the things that makes life worth living."

Perhaps you, too, can say what this man says—
from your own experience. However, if you
have not discovered the meaning and purpose
of life as it is revealed in the Bible taught
by the church, why not avail
yourself of the opportunity now

"A wise man will hear, and will increase
learning; and a man of understanding shall
attain unto wise counsels." PROVERBS 1:5.

"Other foundation can no
man lay than that is laid,
which is Jesus Christ"
1 Corinthians 3:11
